Typically, in what order would you carry out personal care for a resident who could not do it for themselves?:

Cream them, lower body, upper body face, dress them

It's 7.30am. You realise you are going to be 15 minutes late to your 8am booking (6 hour shift). What do you do?:

I'd take 2 minutes to call the client and let them know I'm running late.

What procedure do you follow if you find a resident fallen on the floor in their room?:

Ring the emergency bell. Comfort the resident but not move them. Wait for other carers

You are asked to serve the lunch meals to a home's 20 residents. Meals are not labelled with resident names. What would you ask the other carers before serving?:

Where can I find the care plans – I will check each one to be safe and sure
